Attachment "A"
to "Summary of the Document to be Served"

Plaintiff City of Oakland, California, a Municipal Corporation, brings this class action complaint on behalf of itself and all others similarly situated that contracted for Municipal Derivatives in the United States and its territories directly from one or more of the named Municipal Derivatives Seller Defendants or Municipal Derivatives Broker Defendants in the period from January 1, 1992 through December 31, 2007 (the "Class Period"). Plaintiff alleges that during the Class Period, Defendants conspired to rig bids, to allocate customers and markets, and to fix, raise, maintain, or stabilize the returns received by Oakland and the members of the Class for Municipal Derivatives, including but not limited to Guaranteed Investment Contracts (GICs) sold in the United States, in violation of the Sherman Act, 15 U.S.C. § 1, the Cartwright Act, and the Unfair Competition Law. As a result of the alleged unlawful conduct of Defendants, Plaintiff claims that it and other members of the Class have been injured in their business and property, in that they have paid higher supracompetitive prices for these products than they otherwise would have absent the alleged illegal combination and price-fixing conspiracy, which restrained competition.

Plaintiff prays for the following relief: determination that this action be maintained as a class action, that Oakland be certified as a class representative and Oakland's counsel be appointed as counsel for the Class; judgment that Defendants' alleged actions are in violation of the Sherman Act and the California Business & Professions Code (the Cartwright Act); declaration that the unlawful contract, combination or conspiracy alleged is in violation of the Unfair Competition Law; treble damages; costs, including attorneys' fees; and such other relief as is just.
